**Gliderol™**  
**GlideRol•a•Door™**

Continuous sheet curtain  
roller door

# Gliderol GlideRol•a•Door™

Continuous sheet curtain  
roller door

THE GLIDEROL **GlideRol•a•Door™** IS A CONTINUOUS SHEET CURTAIN ROLLER DOOR THAT CAN BE MADE TO SUIT MOST GARAGE OPENINGS ADDING STYLE AND CHARACTER TO ANY HOME.

Designed and manufactured in Australia the Gliderol **GlideRol•a•Door™** is specifically made for Australian conditions from durable Colorbond® steel. The revolutionary Polyglide™ allows effortless operation with minimal noise and friction while the specifically designed reinforced bottom rail protects your home against intruders.

Strength and safety guaranteed, every Gliderol door is made to your individual wants and needs at no additional costs, meaning you can have a Gliderol **GlideRol•a•Door™** for your home now. Gliderol offers a free measure and quote as well as ongoing local support in all major states and territories.

## Features & Benefits

- Can be made to suit most garage openings
- Australian owned and made
- Fully recessed motor
- Minimal noise and friction
- Made from durable Colorbond steel available in a wide range of colours – please refer to the Gliderol Colour Chart for further details

*This product can be compatible with G+ Home Access systems*

## Gliderol **GlideRol•a•Door™** Features

### Roller Door Curtain

Gliderol roll-formed steel sheet panels provide strength and quality in design to enhance overall appearance.

### Spring Assistance

A Gliderol spring assisted mechanism offers precise balance between the weight of the curtain and the upward pull of the springs, regardless of the position of your door.

### Drum Wheel

The Gliderol nylon drum wheel has been developed over time into a hard-wearing high performance component.

### Polyglide

Revolutionary new material developed by Gliderol specifically for effortless roller door operation with minimal noise and friction, Polyglide has been tested for 22 000 cycles of continuous use, the equivalent of more than 20 years of service based on three cycles a day.

### Weatherseal

Durable weatherseal prevents most undesirable material entering your garage from outside when the Gliderol **GlideRol•a•Door™** is closed.

### Bottom Rail

The aluminium bottom rail has been specifically designed to reinforce your Gliderol **GlideRol•a•Door™** against intruder penetration.

## Operation

Compatible with Glidermatic GRD and GRD Dual operator. Comprising the most up to the minute technology, the GRD includes everything to convert a manually operated roller door to automatic remote control. Please see our Gliderol Operators brochure for more information.
